Green Township Contracts out an Arson Dog...

Green Township aggressively investigates any fires determined to be suspicious in nature. Fire investigator Stephen Claytor uses Maverick, the only certified Arson Detection Dog in the region. Maverick joined the Green Township Fire Department in 2001. Steve and his partner also assist many other investigators in other communities. For more information please contact the Green Township Fire Department at (513) 574-0474.

The Center for Local Government Provides Valuable Services to its Members...

The mission of the Center for Local Government is to improve public service delivery by the cities, townships, and villages in the Greater Cincinnati metropolitan area, especially among its member jurisdictions, through improved information exchange, cost reductions, shared resources, inter-jurisdictional collaboration, and new approaches to capital equipment and skills acquisition. For more information please contact the Center for Local Government at (513) 741-7999.

Hamilton County Jurisdictions are not the Only Communities in Ohio Sharing Services...

Cuyahoga County and the 59 communities that reside within its borders have long worked cooperatively and collaboratively in a variety of ways. One of the most recent examples began in 2005 with a joint survey between the Cuyahoga Mayors and Managers Association to identify collaborations and establish a baseline for progress. The goal is to replicate the service sharing initiatives that are working well in jurisdictions where service sharing is absent. For more information please contact the Office of Government Services Coordination at (216) 443-7178.
